## Improve your photography in a friendly supportive environment.

Joining a photography club is a time-proven technique to improve your photography, whether you are interested in landscapes, still life, street photography, or capturing memorable family moments. A photography club will help you improve your current techniques and encourage you to try new ones.

NWPC is the Lower Mainland's oldest photography club (60 years and still going strong). We pride ourselves in offering a supportive environment for new and experienced photographers alike. All formats/equipment welcome: print, slide, or digital. SLRs or "Point & Shoot".

Members are encouraged to join us on weekend outings, share images on member nights, join various focus groups to learn more on a particular area of photography, take part in various competitions, and learn at meetings from senior photographers and guest speakers.

Meetings are held in New Westminister, but we have members from across the entire Vancouver region.

### Guests are always welcome!

We meet the 1<sup>st</sup> and 3<sup>rd</sup> Tuesday of each month during the school year. See our website for dates, times and more details:
